

**Job Title: Environmental Technician**

**Reports To:** Team Lead

**Summary:** The Environmental Technician will be a member of the direct installation team responsible for the effective delivery of energy efficient measures to the customers in the targeted utility territory.

**Responsibilities:**

- Remove incandescent light bulbs and install compact fluorescent (CFL) bulbs in town-homes and single family detached homes.
- Install products such as Smart Strips in customer's homes.
- Install low flow shower heads, faucet aerators, and pipe wrap insulation as needed for qualifying homes.
- Assist with informing home owners about the merits of energy efficiency.
- Educate customers on each of the approved installations.
- Complete recording and reporting tasks as part of a two-person team.
- Track and maintain inventory of products and communicate to Team Lead.

**Required Skill, Knowledge and Abilities:**

- Critical Thinking - Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems
- Active Listening - Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate
- Communication – Articulate when speaking to others in order to convey information effectively
- Customer Service Orientation – Actively looking for ways to help people
- Teamwork – Capable of working independently and within a team.

**Educational Background and Work Experience:**

- High school diploma, or equivalent combination of education in the principals of energy efficiency and direct installation experience. Some college preferred.
- Mathematics – Possess basic math skills
- Computer Skills – Possess basic computer skills

**Physical Requirements:**

- Ability to bend, stoop, reach, and walk from one home to another on the regular basis.
- Manual and physical dexterity and eyesight needed to operate a smart phone or tablet device and handle paper forms.
- Ability to lift and carry boxes weighing up to 50 lbs.
